

VEEKI YADAV

Developer

ABOUT

A Developer with experience in Java, Python, C/C++, HTML, JavaScript.

Creative, highly organised with keen interest in Machine Learning and insanely curious.

SKILLS

- Mobile Apps Development
- Web Development
- Desktop Development
- Programming Languages
 - Java/ Python
 - C/ C++
 - HTML/ CSS/ JS
 - MIPS
 - Verilog
- Hardware
 - ARM mbed-LPC1768
 - Arduino Uno
- Tools/ Frameworks
 - MySQL
 - Git
 - JQuery

EXPERIENCE

FULL-STACK DEVELOPER, IT DEPARTMENT

Bennett University | July 2017- Present

- Developed **VMS** (Visitor Management System) **Mobile Application**.
- Collaborated with IT Department for developing applications to automate various processes at the University.

EDUCATION

BENNETT UNIVERSITY

Aug 2016- July 2020

- Bachelor of Technology, Major in **Computer Science**
- Current GPA **3.20/4.0**

PROJECTS

- Developed ZAT (Chat-bot) in Java using **Machine Learning**.
- Octave, a **Musical Instrument Detector** using Machine Learning concepts.
- LMS Sync, a **paid utility** to download all course files in a click.
- Mapped, a **location-based news web application** interface.
- **Data Visualizer** presents the data in pictorial and graphical format.

ASSOCIATIONS

CORE TEAM MEMBER

ACM Chapter | Aug 2016 - Aug 2017

- Conducted workshops and coding competitions.
- Organized events, guest lectures.

CORE TEAM MEMBER

CodeChef Chapter| July 2017 - Present

- Organized inter and intra coding events, workshops at the University.

CERTIFICATES

- CompTIA A+ (220 - 902)
- Machine Learning Udacity
- Linux Web Servers

LANGUAGES

- **English** - Professional working proficiency
- **Hindi** - Native proficiency
